

DIVINE DNA DECREES

Support for Embodiment

WELCOMING THE DIVINE HUMAN
GOLDEN RACE CODES

BY SANDRA WALTER

Blessings Beloved ~

This ebook is a collection of DNA Decrees created for the *Crystalline DNA Mastery* online course.

I AM sharing these to assist everyone through this highly activating Sacred passage. DNA activation is a complex process involving many phases, which are explored in depth in the Mastery course. Decrees are a supportive practice to enhance our journey and experience.

Invocations and Decrees are an honored Mystery School technique for Ascension. Every Master I have connected with recommends utilizing decrees. When we align with the pure heart intent to transform ourselves from within, our realities shift to reflect the light within.

We activate higher trajectories, Lightbody quotient, Embodiment, DNA activations and states of higher consciousness through our vocalization of Divine Intent.

The connection between spoken-word language and DNA expression has been proven. Our out-loud commands, decrees, invocations and prayers have a direct effect on our DNA, which produces our experience in the physical. Decrees affect our realities.

DNA Basics before you begin

DNA is a multidimensional antenna, a receiver. It receives information from everything around it. DNA bi-locates. It spontaneously changes with heart coherence. It is not linear in its function. DNA has a multidimensional field around it, which can change matter. DNA is quantum. It is connected to Source and all that is. When fully activated, it allows us to consciously interact with all that is in a quantum state.

DNA coils tightly under stress and does not allow higher light to register in the body. By changing the energy, codes, and subconscious thought patterns around DNA, we allow for more light and information to be received; more Ascension.

Human DNA stores the Living Library of vast universal intelligence. It is highly intelligent quantum recording device of all that you have been, are, and will be in the future - and all possible outcomes. DNA must be consciously commanded and trained to produce something new, or the subconscious will dominate the experience.

The DNA works as an interface between Source and form. DNA is why some are capable of experiencing multidimensionality in very profound ways right now. Changes in thought form, emotions and pure heart fields direct the DNA to activate, rebundle, and etherically reconnect the 12/144 strand/layer/field structure, and the 144,000 genetic code sequences of the Golden Race Ascended state.

These decrees are highly light-encoded for activation of your dormant Divine DNA. Use Mastery Decrees every morning, or anytime you need a boost in alignment. Set the energy and intent for highest outcomes often. In my experience the effect is immediate, direct and powerful.

As with any spiritual practice, it's like training a muscle. Practice builds spiritual power. Your heart-powered Creator-in-Carnate muscles and neural pathways in the brain will be reprogrammed through consistent reinforcement, and produce your Embodiment experience through your DNA.

Every module in the *Crystalline DNA Mastery* class has associated invocations to utilize for different intentions, related to that module's content. This ebook lists them by Decree Focus.

You may get creative and write your own. They may serve as excellent journal prompts for checking in on how you feel, what you see in vision, and how the subtle (or not-so-subtle) shifts unfold in your lifestream. As always, pay attention to the signs for what serves your journey and what needs to be released.

First step: Make the conscious choice to activate your DNA. Choose to dedicate some linear time and practice to this process. Have patience with yourself, and know that Source and the Higher Realms are with you - and within you - as you consciously shift to Creator-awareness through your Divine DNA. Remember this Divine DNA is yours to express and create with. It is your birthright just by being here in a body; claim it in this now.

Invocations and Decrees are said out loud. Mastery is not about control, it is about becoming your unique Christed conduit for Source. Note: The term *I AM Presence* is the God-Self; the highest unified expression of our beingness. It is not an individual identity, it represents the unity of Source and all of its expressions (no separation). It can assist in achieving the deep experience of reunification with Source required for Ascension.

The words *I AM* are encoded for Christed/Crystalline/Unity Consciousness (all the same thing) activation. Like a sacred mantra, *I AM* carries the lineage of Mastery and power of quantum encodement across timespace. However you can use God-Self or Divine Presence if that is more comfortable for you. Make it your heart's expression; the intention is key.

Prepare for your Decrees: State and Clarify Your Pure Intent to Activate your Divine DNA

Take a moment to connect with your heart center; the Pure Source-spark of Diamond Light within. Take a moment to feel your Heart intent. Divine Love is a strong, palpable frequency which grows in intensity as our DNA activates. Note how your heart and energy fields feel in this Now.

Say out loud before beginning:

In the name of the Divine HUman, Creator-In-Carnate that I AM. I welcome in and forth my Higher Self, Christed Self, Almighty I AM Presence, Angelic levels, Master levels, Galactic levels, and all of my Divine aspects across all parallel realities seen and unseen. Unify in this now moment. Put your focus here. Let us activate and transform this outward projection and experience to reflect my Divine Infinite Self, the pure essence of Source (God) I AM.

Then proceed with the decrees which support your intentions. Each section has a focus. Say all of them, or just a few.

Note how your body feels. They can cause expansion and new sensations. When you feel the stimulation of activation, pause to allow the body to integrate. It is important to honor the awakening and rebundling of our DNA, and support our bodies to do what they are designed to do: be a container and conduit for higher consciousness.

End each decree session by refocusing on the heart center. Take a moment to feel your Heart again. Note how your heart and energy fields feel in this Now.

Decrees are not the whole process, they support activation. Notice the intuitive nudges to change your behavior, habits, emotions, spiritual practices, unity, service work, diet and movement that may arise as you use these. Meditate, get in nature, rest and hydrate for integration.
